

FRIULCHEM TO TAKE PART IN THE MID & SMALL ENTERPRISE VIRTUAL | SUMMER  
CONFERENCE

*Milan, 4 August 2020 - Friulchem S.p.A.*, an innovative SME, and one of Italy's leading international players in third party research, development and manufacturing (CDMO) of semi-finished and finished products containing active pharmaceutical ingredients and food supplements, Friulchem is a specialist in drug delivery for the veterinary sector as well as in the development of dossiers for generic medicines for human use and/or consumption, has announced that during today and 6 August, it will meet with Italian and international institutional investors during a Virtual Road Show organised by Virgilio Lab.

The virtual edition of the event will involve listed SMEs who will have the opportunity to present the contracts they have entered into in the first months of 2020 to a wide audience of investors.

As part of the video conference, Disma Giovanni Mazzola, CEO of Friulchem, will present to the investors on the company's activity, strategy and plans for future growth.

The press release is available on the websites [www.friulchem.com](http://www.friulchem.com) and [www.linfo.it](http://www.linfo.it)

\*\*\*

Friulchem (AIM:FCM), active in this sector for over 20 years, is today one of Italy's leading CDMOs (*Contract Development Manufacturing Organisations*) operating internationally in the *healthcare* sector through third party research, development and production of intermediate and finished products containing both active pharmaceutical ingredients and food supplements, with particular specialization in *drug delivery* systems for the veterinary sector, which represents Friulchem's excellence, as well as in the development of dossiers for generic medicines for human use. Friulchem is an innovative B2B SME that prides itself on its focus on the end customer. With manufacturing facilities in Vivaro (Pordenone) and administrative headquarters in Milan, it has strong Italian roots. The company, strongly oriented towards R&D activities, boasts established relationships with the leading multinationals in the pharmaceutical sector.
